Allowable Subject Matter

1. Claims 1-19 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art fails to disclose or render obvious a dispensing apparatus feeding device in combination with the other claimed limitations of claims 1 and 11:

“wherein the push rod passes through the gun body uniting section, and passes successively through the braking piece, a second spring, the upper through hole in the driving pieces, a third spring, and a spring-catching piece in the second section of the main body”.

Further, the prior art fails to disclose or render obvious a dispensing apparatus in combination with the other claimed limitations of claim 12:

“a connecting plate that rotatably connects an upper end of the active trigger to a rotatable coupling having a hindered bulge on a side to hinder counter-clockwise motion thereof, and that includes a spring-catching flange for catching a first spring being provided in a central part of the connecting plate; and a main body attached to the coupling and being adapted and configured to advance the push rod via a driving shaft that is operatively associated to the push rod, wherein the coupling comprises a plurality of recesses adapted to receive one or more driving pieces and at least one braking piece”.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
